## SILVER JUBILEE DEVELOPMENT AGENCY

### Consent Form of Family for Participating in the Family Economic Advancement Program (FEAP)

I, Khusheed Ali, CNIC No. W101-594853253-7, as the head of the family/primary earner, on behalf of our family, hereby provide consent that our family is willing to participate in the Family Economic Advancement Programme (FEAP) for improving the quality of life of our family.

I fully understand that;

- one or more Family Mentors (male/female) assigned to our family will visit our home and meet our family members from time to time as needed for surveys, developing our family development plans, providing mentorship services and monitoring our family's progress. For this purpose, our family will allow and fully cooperate with them.
- our family members have to put in their best efforts to achieve our development goals jointly agreed with the Family Mentors.
- if we receive a soft loan for our economic development through a financial institution or any other arrangement, we have to repay that loan, along with a small service charge, to the same institution according to the loan repayment schedule agreed at the time of loan disbursement. Banking rules and regulations will be applicable on loans from the Bank. For the non-recoverable grants, any repayments against the amount provided will be at the full discretion of me and my family.
- program will not be responsible to either pay my outstanding loans or provide support for a major health treatment (of chronic disease or test or surgery) or for family's extra needs (e.g., weddings, gifts, entertainment, assets, socio-cultural ceremonies etc.) unless it is agreed or a special approval has been granted by the relevant authority in this regard.
- I have agreed that the family members who have been identified as the potential income earners (especially females) will be allowed to avail trainings and avail relevant jobs/work as agreed with the Family Mentors.
- I have agreed that if our family members will receive any loan or grant for any specific development intervention, the amount will be used for the same purpose only. I further agree to submit proof for the expenses incurred against the funds to the authorized personnel and I am responsible for its intended utilization.
- during our family's development journey, there may be special sessions/workshops planned that my family members have to participate in.
- identification of our family members and details of support provided to our family can be shared with our finance department, auditors and regulatory authorities on their request.
- in case of any discrepancy found in the information shared by our family, the program can withdraw our application and stop support at any time and at any stage of our development journey.
